**REMARKS**

I. **TELEPHONE CONVERSATION WITH EXAMINER**

At the beginning of January, 2003, the Examiner called the undersigned Counsel  
and requested Applicants to elect a single species within each of the three groupings of  
species elected in the November 27<sup>th</sup> Response. The three groupings were:

1. For an oxidizable substrate for galactose oxidase: the species of galactose  
oligomer or galactose dimer;
